Item 8.01 Other Events

On January 28, 2015, PartnerRe Ltd. (the “Company”) announced that during the January 1, 2015 treaty renewal season it expects to write and bind approximately \$2.7 billion of Non-Life treaty premium. On a constant foreign exchange basis, this represents a decrease of 1% from the renewable premium base.

The Company renews approximately 70% percent of its total annual Non-Life treaty business on January 1. The remainder is comprised of treaty business that renews at other times during the year. In addition to treaty business, the Company writes approximately \$400 million of facultative business which renews through-out the year.

The table below outlines PartnerRe’s January 1, 2015 Non-Life treaty renewals.

Note: The January 1, 2015 Non-Life treaty renewal premium shown in the above table is not representative of the Company’s gross premium written for the first quarter of 2015 given most of this renewal business is written on a proportional basis with risks attaching to these treaties throughout 2015. The most significant exception to this is the renewal business written in the Catastrophe sub-segment, which is predominantly written on a non-proportional basis.
